

Students & Postdocs Report

Mathieu Ouillon, Students & Postdocs Representative
CLAS Collaboration Meeting – Jefferson Lab

2nd of July 2026

Jefferson Lab

Change

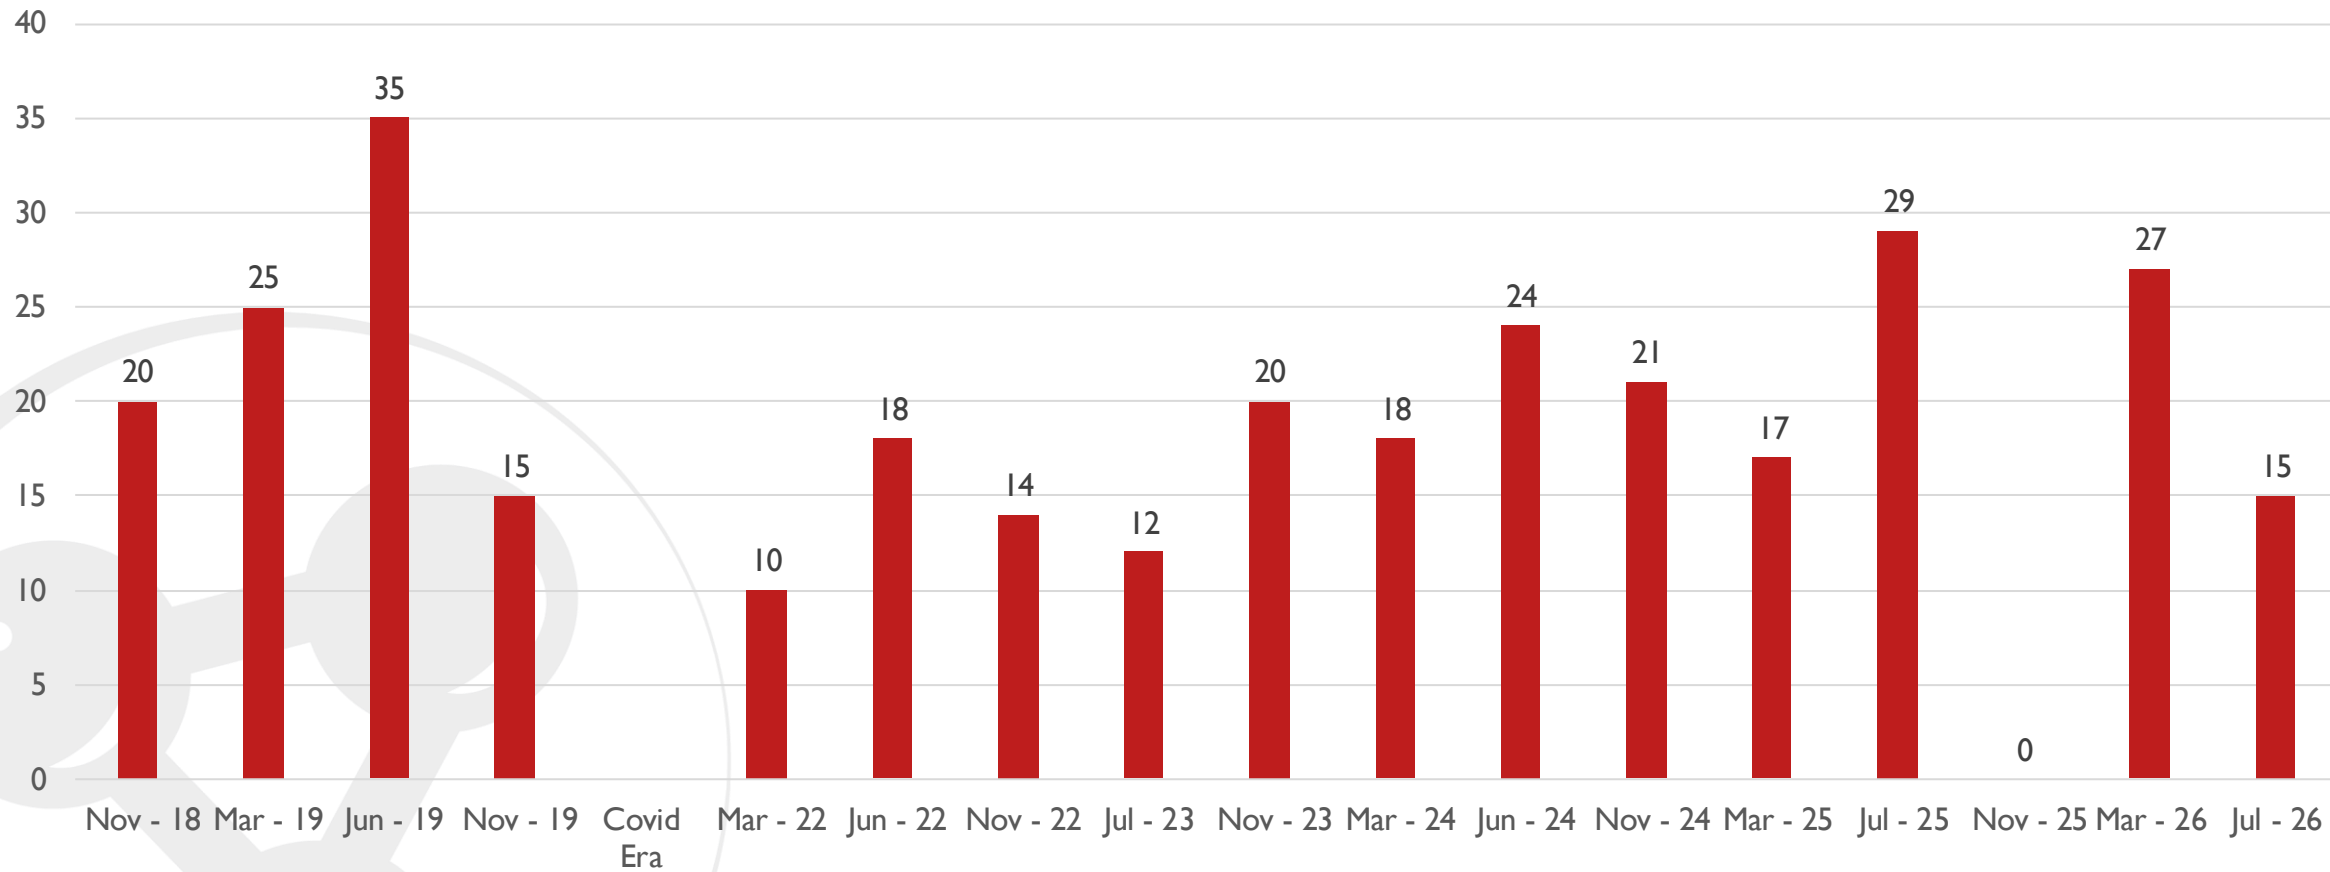

- I will be stepping down from my role as student and postdoctoral fellow representative at the end of the month.
- The new student and postdoctoral fellow representative will be **Bianca Gualtieri**.

Congratulations!

Meeting

Recap

Pizza ! Thanks, Stepan!

Welcome introduction by Bryan, and Raffaella.

Discussion about supervision and software documentation:

- Workshops during collaboration meetings such as Iguana, containers, Linux/Jlab tools are very helpful, can we do more (eg on the Monday before collaboration meetings)?
- Easily accessible and clear guidance for shifts and travel to JLab would be appreciated, and help S&Ps do a better job. Suggest having well documented guidelines that are linked to in email reminders for shifts.

Student & Postdoc community is happy!
