Dear Marco,

I will not be able to attend the spectroscopy meeting tomorrow to report on the status of the Markov *et al.* review. However, I outlined in an earlier email to you what the status is, so I don't think a slide is really necessary. In summary: There has been little to no activity on the side of the authors and the committee considers the review either finished (if you give the green light) or dead.

Best wishes,

Volker

Dear HSWG mmeeting speakers,

I'm expecting your **slides** (in the meeting directory or sent to me) **by Today** (not later than **6:00PM**, please!) Please **include also a 1-2 slides summary** for my report on Friday.

You can send them to me or download on the indico page of the meeting  
<https://www.jlab.org/indico/conferenceDisplay.py?confId=125>

Thanks in advance  
Marco
