to CLAS

Jun 15 (1 day ago)

Dear all,

as you probably know my **3-year term** as **Hadron Spectroscopy Working Group chairman** is coming to an end.

A nominating committee formed by **Dave Ireland** and **Igor Strakovsky** has been appointed to investigate other possible nominations for the next **3 years**. The process is just started by we'll have a first discussion on **Friday**.

Cheers
Marco

Following on from the message about the **Hadron Spectroscopy Working Group chair**, Marco has indicated to the nominating committee that he would be willing to stand for a second term as chair of the working group.

To keep the process as open as possible, however, we would like to invite other nominations for the post. These could be self-nominations or the nomination of a colleague. If you do nominate someone else, please ensure that the potential nominee would be willing to stand for election. The nominee should be in the Hadron Spectroscopy Working Group, and should normally be available for a period of three years to serve as chair.

We will accept other nominations up to **12:00 Eastern on Friday 24 June**. An email to Dave and Igor would suffice. Should anyone else be nominated, we shall then organize an election process.

Dave Ireland

Igor Strakovsky

[HSWG Chair Nominating Committee]
