

# ESC Meeting W&M

Charge

# Group picture from the ANL meeting

# Structuring our Discussions

## Phase 1 Present

### Charge

- develop the physics program for the EIC
- design the detectors needed to realize it

## Phase 2 EIC realization

### Charge

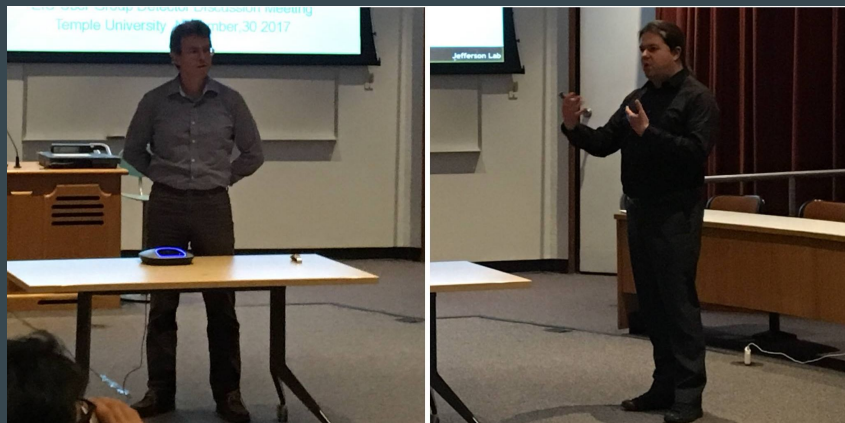

- develop online-offline analysis environment for the EIC

ESC focus (selected from [proposal](#))

- interfaces and integration
- connect existing frameworks
- collaborate with other R&D consortium

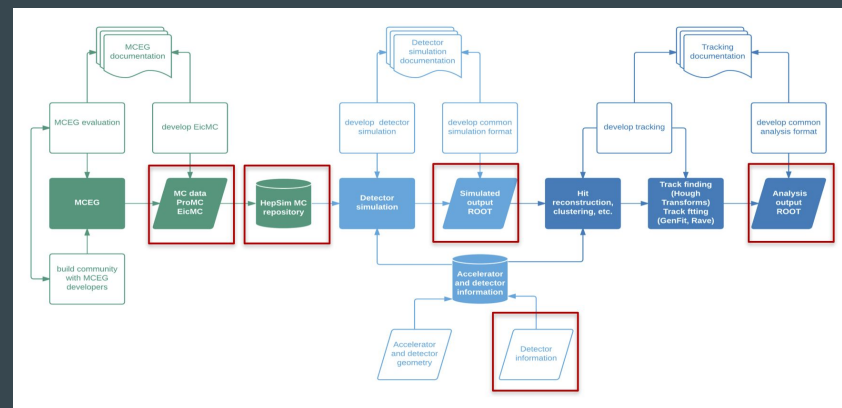

# Focus in FY18

## Reaching out to the EIC UG

(EICUG Detector Discussion Meeting at Temple)

## Interfaces and integration

# Thanks!

**Wouter Deconinck** for inviting us to the College of William and Mary.

You for joining our meeting in person or also remotely.
