

WILLIAM & MARY

CHARTERED 1693

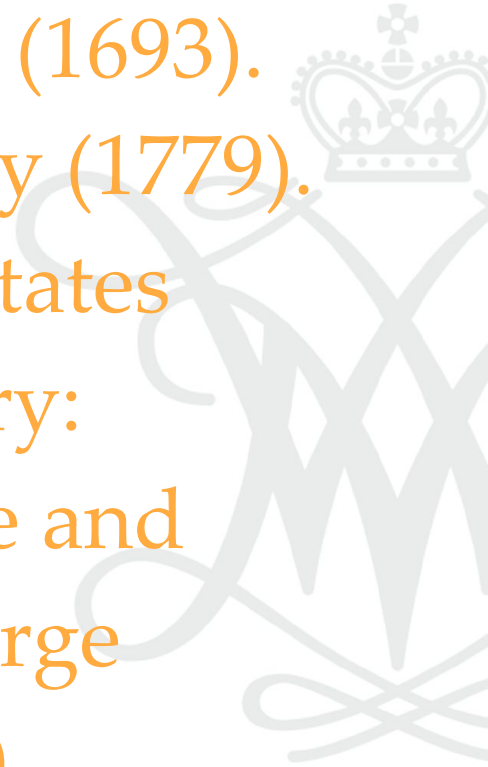

EIC Software Consortium

William & Mary, Physics Department

May 17-18, 2018

Cool Facts

- Second oldest college in the U.S. (1693).
- First college to become university (1779).
- Three Presidents of the United States were educated at William & Mary: Thomas Jefferson, James Monroe and John Tyler (four if we count George Washington's surveyor's license).

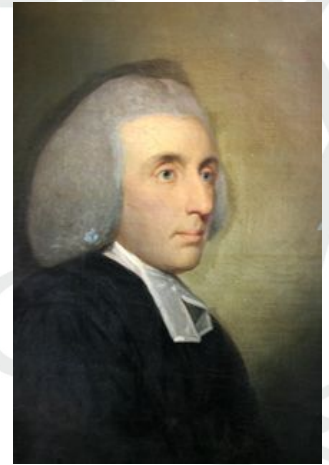

Cool Facts

- Named for its presumed architect, the Sir Christopher Wren Building was completed in 1699 and provided classrooms, library, dining hall and a chapel for generations of William & Mary students. It is the oldest college building still standing in the United States.

Physics Facts

- William Small: Thomas Jefferson's teacher of natural philosophy
- 35 B.S. degrees/year
- 10 Ph.D. degrees/year
- Research in AMO, CM, HEP, and nuclear/hadronic, both th and exp
