

# Jefferson Lab Users Organization (JLUO)

Kent Paschke  
University of Virginia

Vice-Chair,  
JLab User Organization  
Board of Directors

# JLab Serves a Vibrant and Enthusiastic User Community

active users:  
(swapped badge at  
least once last year,  
authored a proposal, or  
maintain an active JLab  
computer account)

# Your JLab User Organization

- Encourage and assist scientists and engineers in the use of the Continuous Electron Beam Accelerator Facility
- Create and maintain effective channels for the exchange of information between the staff of JLab and other scientists and engineers interested in using CEBAF
- Create and maintain effective methods of offering advice and counsel to the JLab management on matters of policy affecting the development and utilization of the facility
- Support, encourage, and assist in the advancement of basic scientific knowledge, and to promote the most effective utilization of CEBAF for the common good and welfare of society

Miscellaneous

[edit]

**Welcome to the Jefferson Lab Users Organization**

The Jefferson Lab Users Organization (JLUO) (*formerly known as CEBAF Users Group (CUG)*) consists of over 1597 scientists from over 275 institutions in 36 countries. All scientists (including faculty, students and postdocs, as well as Jefferson Lab staff members) who pursue experimental, theoretical or applied research using (or relevant to) the Continuous Electron Beam Accelerator Facility (CEBAF) or other facilities and infrastructure at Jefferson Lab are eligible to join the users organization. Everyone who is [registered](#) with the [JLab User Liaison office](#) is a member. The organization's membership is also open to other scientists and engineers interested in Jefferson Lab.

The JLab Users Organization purpose based on the charter is to encourage and assist scientists and engineers in the use of the Continuous Electron Beam Accelerator Facility, to create and maintain effective channels for the exchange of information between the staff of JLab and other scientists and engineers interested in using CEBAF, to create and maintain effective methods of offering advice and counsel to the JLab management on matters of policy affecting the development and utilization of the facility, and to support, encourage, and assist in the advancement of basic scientific knowledge, and to promote the most effective utilization of CEBAF for the common good and welfare of society.

All users are strongly encouraged to [sign up for the CUGA email list](#) - please contact [Lynal Gordon](#) if you have any difficulty with that.

Elections in Spring 2019  
Nomination committee  
lead by (for now)  
J. Arrington  
(john@anl.gov)

# Examples of Community building activities

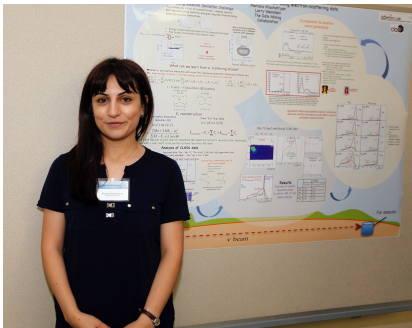

- Organize the Annual User Meeting and 2 satellite meetings (APS April and DNP Fall meetings)
- Young scientists: poster and lunch networking @ annual JLUO meeting, Software Carpentry Workshop
- Manage JSA awards (Thesis Prize, Postdoc Prize, Poster Prize...)
- Submit several continuing Initiatives Fund (IF) proposals

**Most of the JLUO activities are supported by JSA. Continued support is vital.**

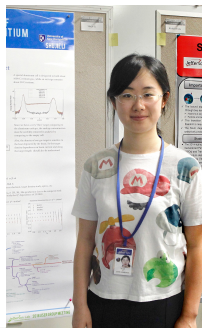

# Examples of User Representation at JLab activities

- JLab standing committees: Director Safety council (E. Brash), JLab radiation review committee (C. Hyde), Director's Inclusion and Diversity Council (Y. Illieva)
- PAC: the JLUO chair is an *observer* of PAC deliberations and of the interactions between PAC members and proposers. Board suggests new PAC members to B. McKeown.
- Meet with lab management: JLab and JSA (twice a year each)
  - last meetings - JSA: November 6, 2018; JLab: January 10, 2019.

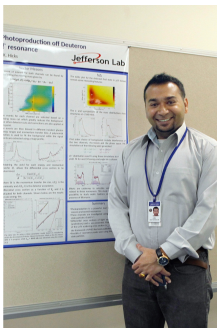

# Flagship Community building event: JLUO annual Meeting

1st: M. Khachatryan  
Old Dominion U

2nd: S. Li  
U of New Hampshire

3rd: T. Chetry  
Ohio U.

## Poster competition winners (top)

## Postdoc and Thesis Prize winners (bottom)

Post Doc: C. Fanelli (MIT)  
Thesis: A. Baroni (U of South Carolina) Thesis work at ODU

# USERS GROUP

## 2018

User Group Workshop and Annual Meeting

JUNE 18-20, 2018

JEFFERSON LAB • NEWPORT NEWS, VA

### Program Includes:

- From JLab 12 GeV to the EIC
  - Featured Speakers:
    - A. Aprahamian
    - Imaging: M. Diehl, H. Gao, C. Hyde,
    - QCD in nuclei: T. Mineeva, A. Schmidt, C. Weiss,
    - Spectroscopy: S. Dobb, T. Skwarnicki, D. Wilson.
- Reports from Laboratory Management and Funding Agencies
- User Group Business Meeting
- Talks from JSA Thesis and Postdoc Prize winners
- Registration and lunch for students are covered for the duration of the User meeting.

### Student Poster Competition

- 1<sup>st</sup> Place: \$500.00\*
- 2<sup>nd</sup> Place: \$250.00\*
- 3<sup>rd</sup> Place: \$100.00\*

\*Each winner will additionally receive \$500 in travel support to present their work at a meeting of their choosing.

POSTER CONTACT:  
Caryn Palatchi: palatchi@jlab.org

EVENT CONTACT:  
Lorelei Carlson: lorelei@jlab.org

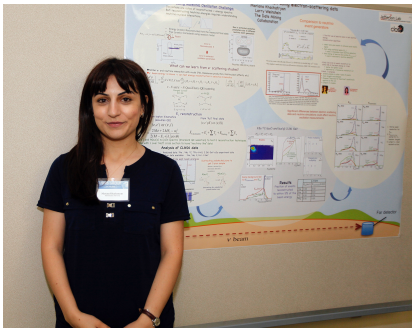

**POSTER ABSTRACT DEADLINE:**  
Friday, June 8, 2018

All Jefferson Lab Users are urged to register at:  
<http://conferences.jlab.org/ugm>

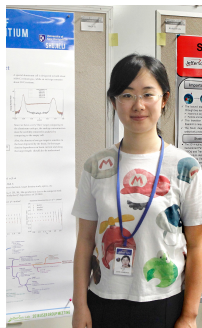

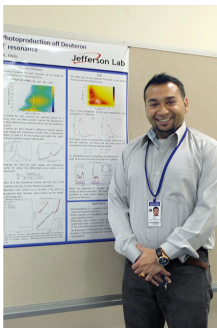

# Flagship Community building event: JLUO annual Meeting

1st: M. Khachatryan  
Old Dominion U

2nd: S. Li  
U of New Hampshire

3rd: T. Chetry  
Ohio U.

*Poster competition winners (top)*

*Postdoc and Thesis Prize winners (bottom)*

Post Doc: C. Fanelli (MIT)  
Thesis: A. Baroni (U of South Carolina) Thesis work at ODU

**POSTER ABSTRACT DEADLINE:**  
Friday, June 8, 2018

All Jefferson Lab Users are urged to register at:  
<http://conferences.jlab.org/ugm>

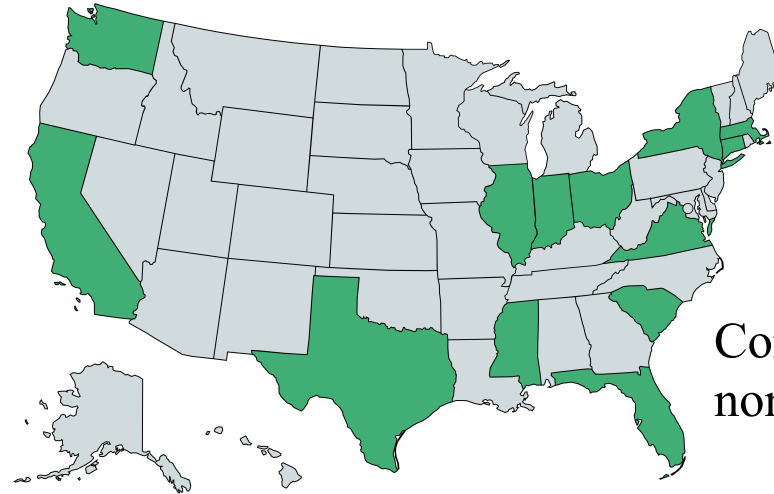

Next meeting: **June 24-26 2019**  
Lead organizer: W. Brooks

# Flagship Outreach event: Nuclear Physics Day on the Hill

- JLab, RHIC, FRIB and fundamental symmetry user groups/organizations meet with the offices of senators and representatives
- JLab participants (6<sup>th</sup> year)
  - 2013: 7 persons
  - 2017: 23 from 13 states
  - **2018: 27 from 13 states**(JLUO coordination by L. El Fassi)

<http://nuclearphysicsdcd day.com>

This year: **March 11, 2019**

Contact: Or Hen ([hen@mit.edu](mailto:hen@mit.edu)) using non-governmental, non-JLab email

We need to be able to contact you to participate to this type of activities using a **non-governmental/non-JLab** email address.  
**Register to our dedicated mailing-list** (instructions linked from the JLUO wiki)

To subscribe to the list, please follow these steps:

1. Send an email from **\*YOUR NON-JLAB/GOVERNMENTAL EMAIL\*** to [listserv@sura.org](mailto:listserv@sura.org) with a blank subject and a single line in the message body:

`subscribe jlabusersorganization`

2. To complete your subscription follow the instructions that you will receive in the message from the list server.

# JLUO Board of Directors January Meeting Highlights

## COMMUNITY STANDARDS

Welcome to Jefferson Lab!

Everyone at Jefferson Lab has a responsibility to foster an environment where all employees, users, students, guests, visitors, and subcontractors feel safe, welcomed and supported in advancing the Lab's mission.

We'd like to take a moment to familiarize you with our Community Standards. Jefferson Lab actively promotes a diverse and harassment-free experience for all.

While it is not possible to provide a complete list of the types of improper behavior below, prohibited conduct includes, but is not limited to:

- Offensive verbal comments
- Bullying or deliberate intimidation
- Stalking/following
- Repetitive photography of the same person(s)
- Gender-based insults
- Displaying or circulating sexually suggestive materials
- Inappropriate physical contact
- Unwelcome sexual attention or advances

Everyone is expected to embody the values of professionalism, respect, and diversity as well as cultivate a supportive and inclusive environment where the opinions of others are embraced. Behaviors not aligned with the lab's values will not be tolerated. Failure to adhere to this Community Standard may result in being barred from further lab events, suspension of site access including housing at the SURF Residence Facility, and/or removal from the site.

If you or someone else feels uncomfortable in the workplace or believe you are subjected to a hostile or harassing environment, or have any other related concerns, please contact the Jefferson Lab Ethics Officer, Rhonda Barbosa, immediately at [rbarbosa@jlab.org](mailto:rbarbosa@jlab.org) or via the Lab's Ethics Hotline at <http://www.jsaecp.ethicspoint.com>. Alternately, you may contact your sponsor or the D&I Council at [dcouncil@jlab.org](mailto:dcouncil@jlab.org).

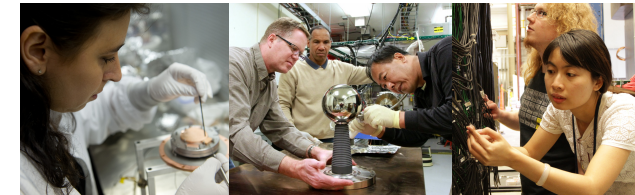

# JLUO Board of Directors January Meeting Highlights

- **Diversity & Inclusion, including workplace violence policies, training, and reporting**
  - *Motivated by recent concern that Users weren't included in communications about workplace violence policies, and about possible policy holes with regard to User protection and responsibilities*
  - *Annual User Community Standards required reading document*
  - *Community Standards Poster*
  - *Inclusion Survey (Q3 '19)*

# JLUO BoD: January '19: JLab Visit Process

Discussion with Brian Hanlon, Site Security Manager

The theme of this discussion:

“The DOE has delegated authority to manage site access to JSA,  
it is important we all work together to maintain this responsibility.”

# JLUO BoD: January '19: JLab Visit Process

Discussion with Brian Hanlon, Site Security Manager

The theme of this discussion:

“The DOE has delegated authority to manage site access to JSA, it is important we all work together to maintain this responsibility.”

- We should expect changes in policies and enforcement starting April 1.
- Not all aspects of this new policy are in place.
- Special care should be taken to comply with registration requirements before arriving on-site.

# JLUO BoD: January '19: JLab Visit Process

Discussion with Brian Hanlon, Site Security Manager

The theme of this discussion:

“The DOE has delegated authority to manage site access to JSA, it is important we all work together to maintain this responsibility.”

- We should expect changes in policies and enforcement starting April 1.
- Not all aspects of this new policy are in place.
- Special care should be taken to comply with registration requirements before arriving on-site.
- **International visitors**
  - Required to register in JLIST no later than 7 days prior to arrival.
  - Not a new policy, but will be strictly enforced
  - Without this, must be escorted by a JSA-employee host until access approval is granted.
  - Upon arrival at Jefferson Lab, check in for verification of documents and to receive their access badge.
  - Special requirements for State Department designated nations (only Iran, Sudan, Syria)

# JLUO BoD: January '19: JLab Visit Process

Discussion with Brian Hanlon, Site Security Manager

The theme of this discussion:

“The DOE has delegated authority to manage site access to JSA, it is important we all work together to maintain this responsibility.”

- We should expect changes in policies and enforcement starting April 1.
- Not all aspects of this new policy are in place.
- Special care should be taken to comply with registration requirements before arriving on-site.
- **International visitors**
  - Required to register in JLIST no later than 7 days prior to arrival.
  - Not a new policy, but will be strictly enforced
  - Without this, must be escorted by a JSA-employee host until access approval is granted.
  - Upon arrival at Jefferson Lab, check in for verification of documents and to receive their access badge.
  - Special requirements for State Department designated nations (only Iran, Sudan, Syria)
- **Undergraduate (and high school) student visitors**
  - Required to register in JLIST 2 weeks prior to arrival.

# JLUO BoD: January '19: JLab Visit Process

  - Special requirements for State Department designated nations (only Iran, Sudan, Syria)
- **Undergraduate (and high school) student visitors**
  - Required to register in JLIST 2 weeks prior to arrival.

**BoD raised concerns about definitions and impact on users, and offered to help make sure the changes are clearly documented and communicated**

Current policy and information at: [https://www.jlab.org/human\\_resources/jris/processing](https://www.jlab.org/human_resources/jris/processing)

# Jeopardy is coming to PAC 47

Published policy at [https://www.jlab.org/exp\\_prog/PACpage/](https://www.jlab.org/exp_prog/PACpage/)

PAC 47: Halls A and C approved in 2006 and 2007

Proposal	Hall	Title	Contact Person	PAC days	Rating	Scheduled?
E12-06-101	C	Measurement of the Charged Pion Form Factor to High Q <sup>2</sup>	G. Huber*	52	A (HI)	No
E12-06-104	C	Measurement of the Ratio R=sigmaL/sigmaT in Semi-Inclusive Deep-Inelastic Scattering	R. Ent*	40	A-	No
E12-06-105	C	Inclusive Scattering from Nuclei at $s_x > 1s$ in the quasielastic and deeply inelastic regimes	D. Day*	32	A- (HI)	No
E12-06-107	C	The Search for Color Transparency at 12 GeV	D. Dutta*	26	B+	35% complete
E12-06-110	C	Measurement of Neutron Spin Asymmetry A <sub>1n</sub> in the Valence Quark Region Using an 11 GeV Beam and a Polarized <sup>3</sup> He Target in Hall C	X. Zheng*	36	A (HI)	Yes
E12-06-114	A	Measurements of Electron-Helicity Dependent Cross Sections of Deeply Virtual Compton Scattering with CEBAF at 12 GeV	C. Hyde*	100	A (HI)	50% complete
E12-06-121	C	A Path to 'Color Polarizabilities' in the Neutron: A Precision Measurement of the Neutron $g_{2,2}$ and $g_{d,2}$ at High $Q^2$ in Hall C	B. Sawatzky*	29	A-	Yes
E12-06-122	A	Measurement of neutron asymmetry A <sub>1n</sub> in the valence quark region using 8.8 GeV and 6.6 GeV beam energies and Bigbite	B. Wojtsekhowski*	23	A-	No
E12-07-105	C	Scaling Study of the L-T Separated Pion Electroproduction Cross Section at 11 GeV	T. Horn*	36	A-	No
E12-07-109	A	Large Acceptance Proton Form Factor Ratio Measurements at 13 and 15 (GeV/c) <sup>2</sup> Using REcoil Polarization Method	B. Wojtsekhowski*	45	A- (HI)	No

Future PACs:

PAC 48 (2020): the approved Hall B program.

PAC 49 (2021): A&C from 2009-2011

PAC 50 (2022): A&C from 2012-2016

## JLUO BoD:

- The PAC jeopardy process can identify proposed experiments, or specific parts of such proposals, that have lost relevance in the years since the last review, but ***the community expects it to be a constructive process to strengthen and focus the program, rather than simply an elimination system.***
- The community will benefit most from a jeopardy process that is well defined and transparent.

- The JLUO helps
  - Bring the users together
  - Represent the users to the lab and the lab to the users
  - Represent the lab+users to Congress and the DOE
- NP on the Hill Day, March 11! Come tell the representatives of the American people why our science is worth funding! Contact [hen@mit.edu](mailto:hen@mit.edu) for more information.
- Please add your non-governmental email address to our outreach mailing list.
- JLUO Board of Directors recent concerns:
  - Fostering JLab user contributions to the development of the EIC
  - Transparency in development of the physics program
  - Food service on the JLab campus (cost, quality, community)
  - Explicit inclusion of users in JLab workplace violence policies (training and reporting)
  - Impact and communication of upcoming changes to user registration and security policies
  - Opportunities for outreach to agencies and Congress
  - **Your issues here: tell us your concerns**

# From Brian Hanlon's slides:

- Users following these procedures should encounter little or no difficulty or delay in accessing Jefferson Lab.
- We are here to serve you, if you have access difficulty or delay, please let us know so we can make improvements.
