

The banner features a dark blue background with a grid of light blue dots and some faint, illegible text. A large, light gray circle with a thick blue border is centered on the page. Inside this circle, the words "SOFTWARE TOWN HALL" are written in a bold, blue, sans-serif font. The word "SOFTWARE" is smaller and positioned above "TOWN HALL".

**Thursday, June 3**  
11 a.m. - 1 p.m. EDT

### **EIC Science and Software**

All scientists of all levels worldwide should be enabled to participate actively in the science of the Electron-Ion Collider (EIC). To achieve this goal, we need to understand the requirements of the community on the data analysis software and workflows first and foremost.

### **Software Town Hall**

The idea of the event is to allow anyone in the EIC community a chance to share past experiences or suggest requirements for EIC Software in an open environment.
