

Welcome to e-HUGS 2021

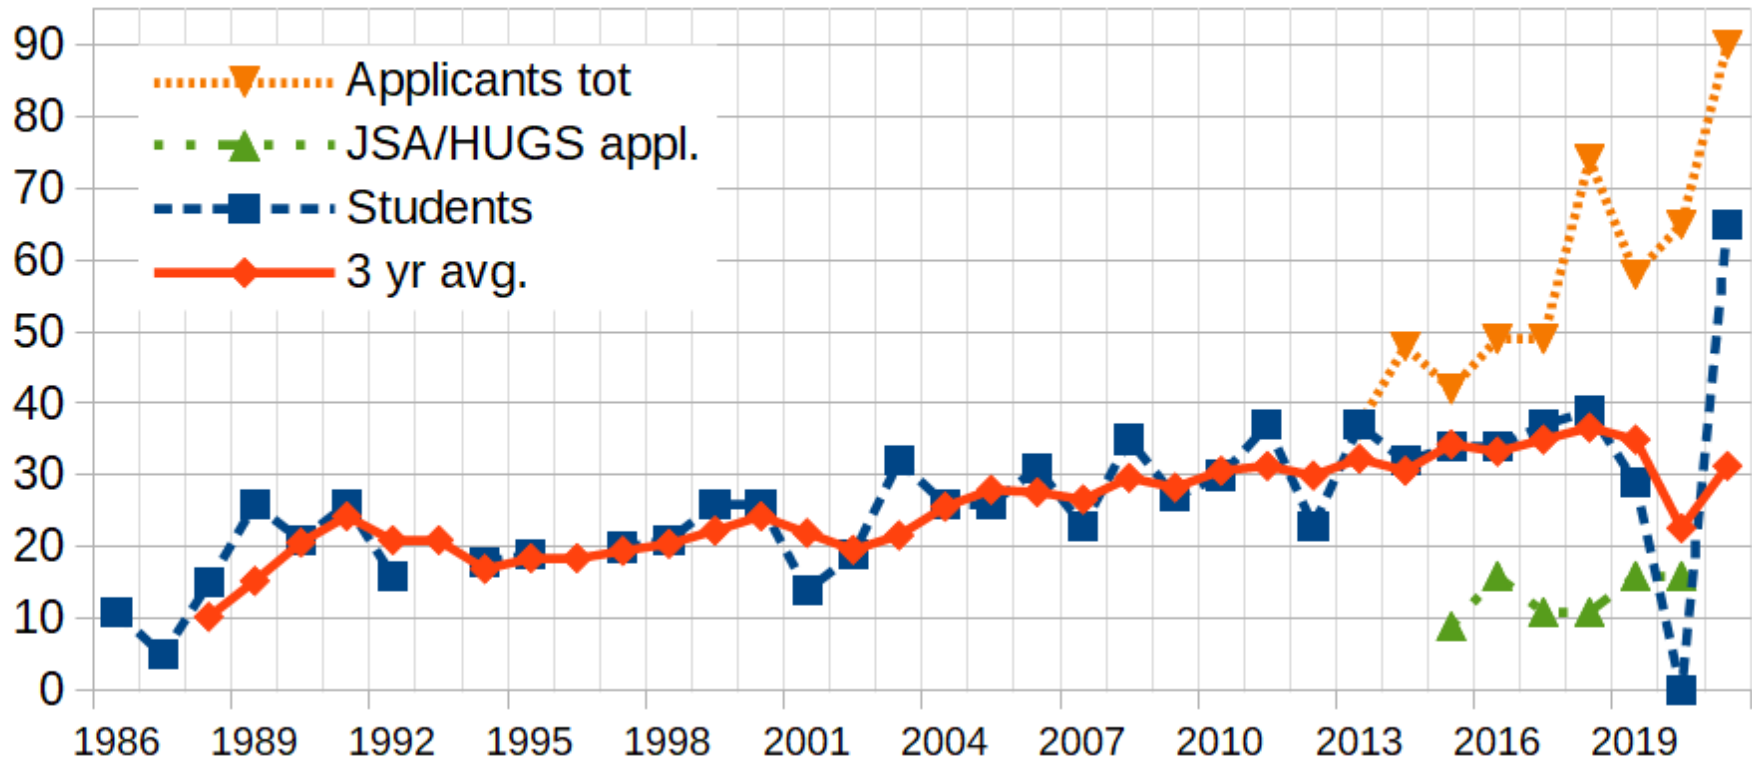

Alberto Accardi
(Hampton U. and Jefferson Lab)

Alex Gnech, Arun Tadepalli, Astrid Hiller Blin,
Filippo Delcarro, Juan Guerrero
(Jefferson Lab)

A long history

HUGS participants

9-years average: 34 students/year

Elements of HUGS

- 
- Main lectures (10 am – 4 pm)
 - Topical Seminars
 - Recitations (still experimental)
 - Physics Careers workshop
 - Student seminars and Poster session
 - A lot of fun and interaction
 - Virtual socials
 - Virtual tours
 - Six school managers (including me)
 - ... and ...
 - A diverse, smart group of students (you!)

Keep an eye or a ear on:

□ The e-HUGS 2021 web page

- Detailed info on all school elements
- PhysCar workshop will appear soon

□ Slack:

- Most school announcements
- Discussions, chats
 - Students, lecturers, organizers

□ The hugs2021@jlab.org mailing list:

- Backup to Slack, or more official communications

□ The (evolving) program on Indico

- This is the official school timetable

Remote platforms

□ Zoom:

- Main lectures, live streamed
- You will be “panelists” (full access)
- External participants can only ask questions in chat to moderators

□ BlueJeans:

- For our own HUGS-only events
 - Recitations, tours, off-peak meetings
 - PhysCar workshop, Student Seminars

□ Gather:

- Social events, coffee/lunch breaks
- Poster session

□ Slack:

- off-line discussion, interactions

A partnership

Students

**Organizers
(and lecturers)**

Enjoy your next 3 weeks!

**(and hang out a little longer
with us on Gather)**
