

EXPERIMENTAL HALL C

EXPERIMENTAL HALL C

Membership Database

Winter Hall C Collaboration meeting

Bill Henry January 12th, 2023

Acquiring and Maintaining Membership

- Acceptance of new members is achieved by a simple majority vote during collaboration meetings
- Members may change institutions/affiliations
- Members may resign
- Members may be removed after one year if no longer in the field but will be contacted first
- Graduate students on Hall C experiments are automatically given membership once an agreement between the hall leader and the advisor/student is made. Upon graduating, the student may be voted in to continue membership status
- Each institution will be represented by one or more designated contact person(s). An annual audit of the will be conducted with the designated person(s)
