

# The Jefferson Lab User Organization (JLUO)

Carlos Muñoz Camacho  
IJCLab, Orsay (CNRS/IN2P3)

Chair,  
JLab User Organization  
Board of Directors

JLUO Satellite Meeting  
2023 APS April Meeting  
(04/15/2023)

# JLab User Organization goals

- Encourage and assist scientists and engineers in the use of the Continuous Electron Beam Accelerator Facility
- Create and maintain effective channels for the exchange of information between the staff of JLab and other scientists and engineers interested in using CEBAF
- Create and maintain effective methods of offering advice and counsel to the JLab management on matters of policy affecting the development and utilization of the facility
- Support, encourage, and assist in the advancement of basic scientific knowledge, and to promote the most effective utilization of CEBAF for the common good and welfare of society

**Community building**

**Representation of  
users within JLab**

**Advocacy,  
Outreach**

# Flagship Outreach event: Nuclear Physics Day on the Hill

JLab, RHIC, FRIB and fundamental symmetry user groups/organizations meet with the offices of senators and representatives

JLab participants (8th year)

2013: 7 persons

2017: 23 from 13 states

2018: 27 from 13 states

2019: 25 from 8 states

2020: cancelled due to COVID

2021: virtual (zoom) meetings

2022: virtual (zoom) meetings

**2023: in-person meeting: April 25 (contact Andrew Puckett [ajrpuckett@gmail.com](mailto:ajrpuckett@gmail.com))**

Geographic reach is critical: we want to be in as many House and Senate offices as possible!

Especially chairs and members of key committees.

# (Beta testing) Mentoring Program

## Beta Testing Mentorship Program

This survey targets staff members and young users (graduate students and postdoctoral fellows) in the experimental site of the lab, **if you do not belong to any of those groups please do not take the survey.**

Young members in our community are often in need of guidance and advice in their research and careers. The beta testing mentorship program aims to provide the users the guidance needed to build successful careers and to support these users during their time at Jefferson Lab.

The goal of this survey is to identify staff and users who will volunteer to a beta testing program and some feedback that people with mentors(mentees) could have for our program.

The program can be summarized by:

- The program should not take you more than 5 hours per month.
- The maximum number of mentees for each mentor should not surpass 5.
- Bi-weekly emails will be sent with tips for mentor-mentees meetings.
- Bi-weekly meetings will be suggested but at least one per month will be required.
- Bi-monthly surveys (targeting 10 - 20 minutes of your time) will be sent.
- If you are a mentor you will be able to request mentees transfer or reduce the number of total mentees at any given time.
- If you are a mentee you will be able to request a mentor transfer or exit the program at any given time.
- The length of the beta test will be six months

Call for volunteers coming  
up in the next few days

(watch out for the email  
to fill in a short survey)

# Meetings with JLab management

## JLUO Winter Meeting (Jan 26, 2023)

- 8:00 AM:** Breakfast
- 8:30 AM:** Executive session (board only)
- 9:00 AM:** JLab future: David, Thia, Patrizia, Rolf, Andrei
  - Long term vision of the lab and user participation into its definition
  - LRP process
  - EIC
- 10:30 AM:** Break
- 11:00 AM:** PAC, Experimental schedule: Thia, Doug
  - Updates from Halls
  - PAC51: charge, jeopardy
  - Update on scheduling
- 12:00 PM:** Computing: Amber, David
  - Update on computing
  - Data Science and future (HPDF)
- 12:30 PM:** Executive lunch (board only)
- 1:30 PM:** CEBAF operations: Randy, Andrei
  - Energy reach
  - Multi-Hall operations (luminosity reach)
- 2:30 PM:** User life at the lab: Jonathon, Thia
  - User registration
  - Scientific atmosphere at the lab after Covid
  - Ways to promote in-person participation at the lab for users (and staff)
  - Info for users: lodging, childcare...
- 3:30 PM:** Break
- 4:00 PM:** DEI: Aurora, Rhonda
  - Survey update
  - Resources for users at the lab
- 4:30 PM:** JSA: Elisabeth
  - JSA initiative funds
  - ResFac
- 5:00 PM:** Executive session (board only)
- 6:00 PM:** Adjourn

## Outcome:

**Recommendation 1:**

We request the implementation of an online tool (webpage) for users to see their badge access *from offsite*. Users regularly arrive during the weekend or for owl shifts to find out their badge does not work.

**Recommendation 2:**

JLUO recommends that the new DE&I representative for the lab is moved out of HR. This is an industry standard that this person represents and responds directly to leadership and acts as a check and balance on HR.

- a. In the interest of hiring a new candidate, the JLUO Board recommends that multiple users be involved as part of the hiring process (or committee).
- b. The JLUO board would like information about the on-site accessibility and the availability of the next DE&I representative to the user population to make the best use of this resource for the lab.

**Recommendation 3:**

We recommend the creation of a common space at the lab, preferably in CC, for networking and informal discussion.

**Recommendation 4:**

JLUO requests a user representative to be on the CC renovation committee.

# 2023 JLUO Annual Meeting

## 2023 JLUO ANNUAL MEETING

---

<https://www.jlab.org/jluo2023>

### Conference Date

June 26, 2023 to June 28, 2023

### Conference Location

Jefferson Lab, CEBAF Center Auditorium

We are happy to announce that the JLUO Annual Meeting will be held on June 26-28, 2023.

We warmly invite you to mark this important event in your calendar. We count on a broad and active participation.

Please feel free to send your suggestions for keynote speakers or ideas for the meeting to any of the board members to be considered.

Marco Contalbrigo (mcontalb@fe.infn.it)  
Chair of Organizing Committee.

- **Monday June 26 to Wednesday June 28**
- News and scientific talks from JLab physics and beyond
- Funding agencies perspectives (DoE, NSF...)
- Postdoc and PhD prizes
- Poster competition
- Student seminars/lunches
- JLUO business meeting

Final program and registration  
available soon

# 2022-2023 JLUO Board of Directors

## JLUO Satellite Meeting at the 2023 APS April Meeting

📅 dimanche 16 avr. 2023, 12:30 → 14:00 US/Central

📍 Symphony 1 (Hilton Minneapolis)

👤 Carlos Munoz Camacho (IJCLab, Orsay (CNRS/IN2P3))

<b>12:30</b>	→ 12:40	<b>Welcome</b>	🕒 10m
<b>12:40</b>	→ 12:45	<b>JLUO news</b> Orateur: Carlos Munoz Camacho (IJCLab, Orsay (CNRS/IN2P3))	🕒 5m
<b>12:47</b>	→ 13:07	<b>News from the lab</b> Orateur: Cynthia Keppel (Jefferson Lab)	🕒 20m
<b>13:12</b>	→ 13:22	<b>Hall A update</b> Orateur: Sean Jeffas (uva)	🕒 10m
<b>13:24</b>	→ 13:34	<b>Hall B update</b> Orateur: Richard Capobianco (uconn)	🕒 10m
<b>13:36</b>	→ 13:46	<b>Hall C update</b> Orateur: Iuliia Skorodumina (Jefferson Lab) 	🕒 10m
<b>13:48</b>	→ 13:58	<b>Hall D update</b> Orateur: Nathaniel Hoffman (Carnegie Mellon University) 	🕒 10m
