

# 2024 Workshop on Polarized Sources, Targets, and Polarimetry

## Tuesday, September 24, 2024

### Polarized Electron Sources I - Cebaf Center Auditorium (1:50 PM - 3:10 PM)

-Conveners: Matt Poelker

time	[id] title	presenter
1:50 PM	[69] Polarized Photocathode R&D at BNL and spin consideration for the EIC	BISWAS, Jyoti
2:10 PM	[92] The 200 keV CEBAF polarized source electrode design and implementation process	HERNANDEZ-GARCIA, Carlos
2:30 PM	[72] Generation of Polarized Electron Beams: Unveiling the First RF Electron Gun with GaAs Photocathode	JING, Yichao
2:50 PM	[104] Development of Polarized Electron Sources in Japan	LIPTAK, Zachary
