

2024 Workshop on Polarized Sources, Targets, and Polarimetry

Friday, September 27, 2024

Polarized Gas Targets II - Cebaf Center Auditorium (11:00 AM - 12:20 PM)

-Conveners: Arun Tadepalli

time	[id] title	presenter
11:00 AM	[70] Developments of polarized ^7Li target system for spin-dependent EMC effect experiments at CLAS12	KAGEYA, Tsuneo
11:20 AM	[74] Polarized ^3He Target Production and Performance in the JLab SBS GEN-II Experiment	PRESLEY, Hunter
11:40 AM	[75] Methods in using a Novel ^3He Target During Jefferson Lab's GEN-II Neutron Form Factor Experiment	JACKSON, Jack
12:00 PM	[110] UT Future Polarized Target Development	FOMIN, Nadia
