

# 6th Workshop of the APS Topical Group on Hadronic Physics

## Thursday, April 9, 2015

### Heavy Quark 2 - Peale C (2:00 PM - 3:40 PM)

-Conveners: Estia Eichten

time	[id] title	presenter
2:00 PM	[30] Perturbative charm production and the prompt atmospheric neutrino flux in light of RHIC and LHC	Prof. SARCEVIC, Ina
2:20 PM	[101] Charmonium spectroscopy from Lattice QCD	Dr MOHLER, Daniel
2:50 PM	[69] Leptonic and semi-leptonic decays of heavy mesons from lattice QCD.	Dr MACKENZIE, Paul
3:20 PM	[109] Factorized power expansion for high pT heavy quarkonium production in p+p collisions	Dr ZHANG, Hong
