What do we do?

Our main role is to supervise and promote an accurate and broad dissemination of results to the scientific community by talks from members of the CLAS Collaboration.

- Compile a list of conferences
- Promote invitations to organizers –Table of topics suggested to conference organizers
- Assign invited talks to appropriate CLAS speakers In collaboration with the PWG chairs
- Review conference proceedings within a one-week timeframe

What do we do?

Our main role is to supervise and promote an accurate and broad dissemination of results to the scientific community by talks from members of the CLAS Collaboration.

- Collect speakers request and notifications and approve them on a weekly basis
- Check past conference websites for not notified/approved CLAS-related talks
 - Stimulate post-submission notification/request
 - Update DB with unnotified/not approved talks
