Current Initiatives

- Monthly Lunch Seminars
- Mini Software Workshops
- Hygiene Baskets
- Social Nights at Tradition

We hope these activities will still be supported regardless of the managing contract selection!

Future Projects

- More computing workshops
 - Help make sure all new graduate students and postdocs can utilize the JLab computing farm
 - Develop community of students who all help each other with computing at the lab
 - Create a database of slides and hands-on tutorials
- Career building seminar series
 - Small scale workshop series to help students and postdocs succeed in their career
 - Provide direct feedback on presentations and CVs
- Safe space for women and gender minorities
 - Organize lunches and/or coffee outings
