

5TH ANNUAL ELECTRON-ION COLLIDER USERS GROUP EARLY CAREER WORKSHOP

JULY 11-13, 2025

In coordination with the
**JOINT 2025 EICUG/ePIC
COLLABORATION
MEETING**

URL: <https://indico.jlab.org/event/938/>

**THOMAS JEFFERSON NATIONAL ACCELERATOR
FACILITY (JEFFERSON LAB)**

CEBAF Center, Newport News, Virginia, USA

WORKSHOP AIMS

- Provide a platform for early career researchers to connect and exchange knowledge
- Offer opportunities to present and discuss EIC physics, detectors, accelerator science, and software
- Highlight career paths in nuclear and hadronic physics
- Increase visibility of EIC-related contributions from early career researchers

Workshop will be available via Zoom for remote participants.

ORGANIZING COMMITTEE

Jennifer Rittenhouse West (University of Turin, INFN Turin)

Wenliang (Bill) Li (Mississippi State University)

Henry Klest (Argonne National Laboratory)

Douglas Higinbotham (Jefferson Lab)
