# Campus Map

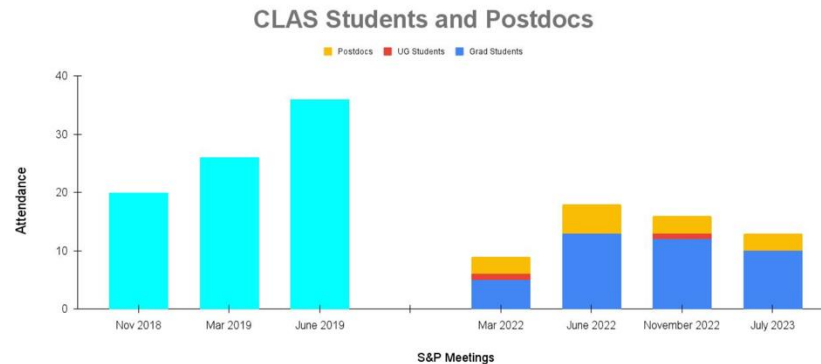

# Papers, Reviews and PhDs

- One collaboration-wide review ongoing
- Several Ad Hoc Committees still in progress
  - And one about to start!
  - Please let me know if you are eager to serve, this has been very helpful when people volunteer
- Numerous working group reviews underway
- 28 PhD's in progress according to the database

If your student has graduated, or if a new student has started her/his PhD on CLAS/CLAS12 analysis, please inform Mike Wood, [wood5@canisius.edu](mailto:wood5@canisius.edu)

# Postdocs/Students

- Today at 12:45 in TFAC 204 there is a student/postdoc lunch. Pizza is provided
  - All postdocs/students are encouraged to attend (regardless of what you put in the registration!)

# Meeting Overview

- Talks by Hall-B and JLab management, and update from CEBAF, and an introduction to the Lab Director on Friday
- WG sessions with analysis and RG updates
- CLAS Chair Election!
  - Gabriel Niculescu and Bryan McKinnon are running and will have a timeslot at the end of today's morning session.

# Enjoy the meeting!
