24 Talks

Tell us if you like this new format of virtual only Winter meetings?

Complete the anonymous survey, over the next two days

 **Surveys**
There is an open survey. [Show the surveys >](#)

Surveys

Survey	Available from	Deadline	
Do you prefer the new virtual only format for the Winter meeting?	26 Jan 2026, 07:24	27 Jan 2026, 04:59	Fill out

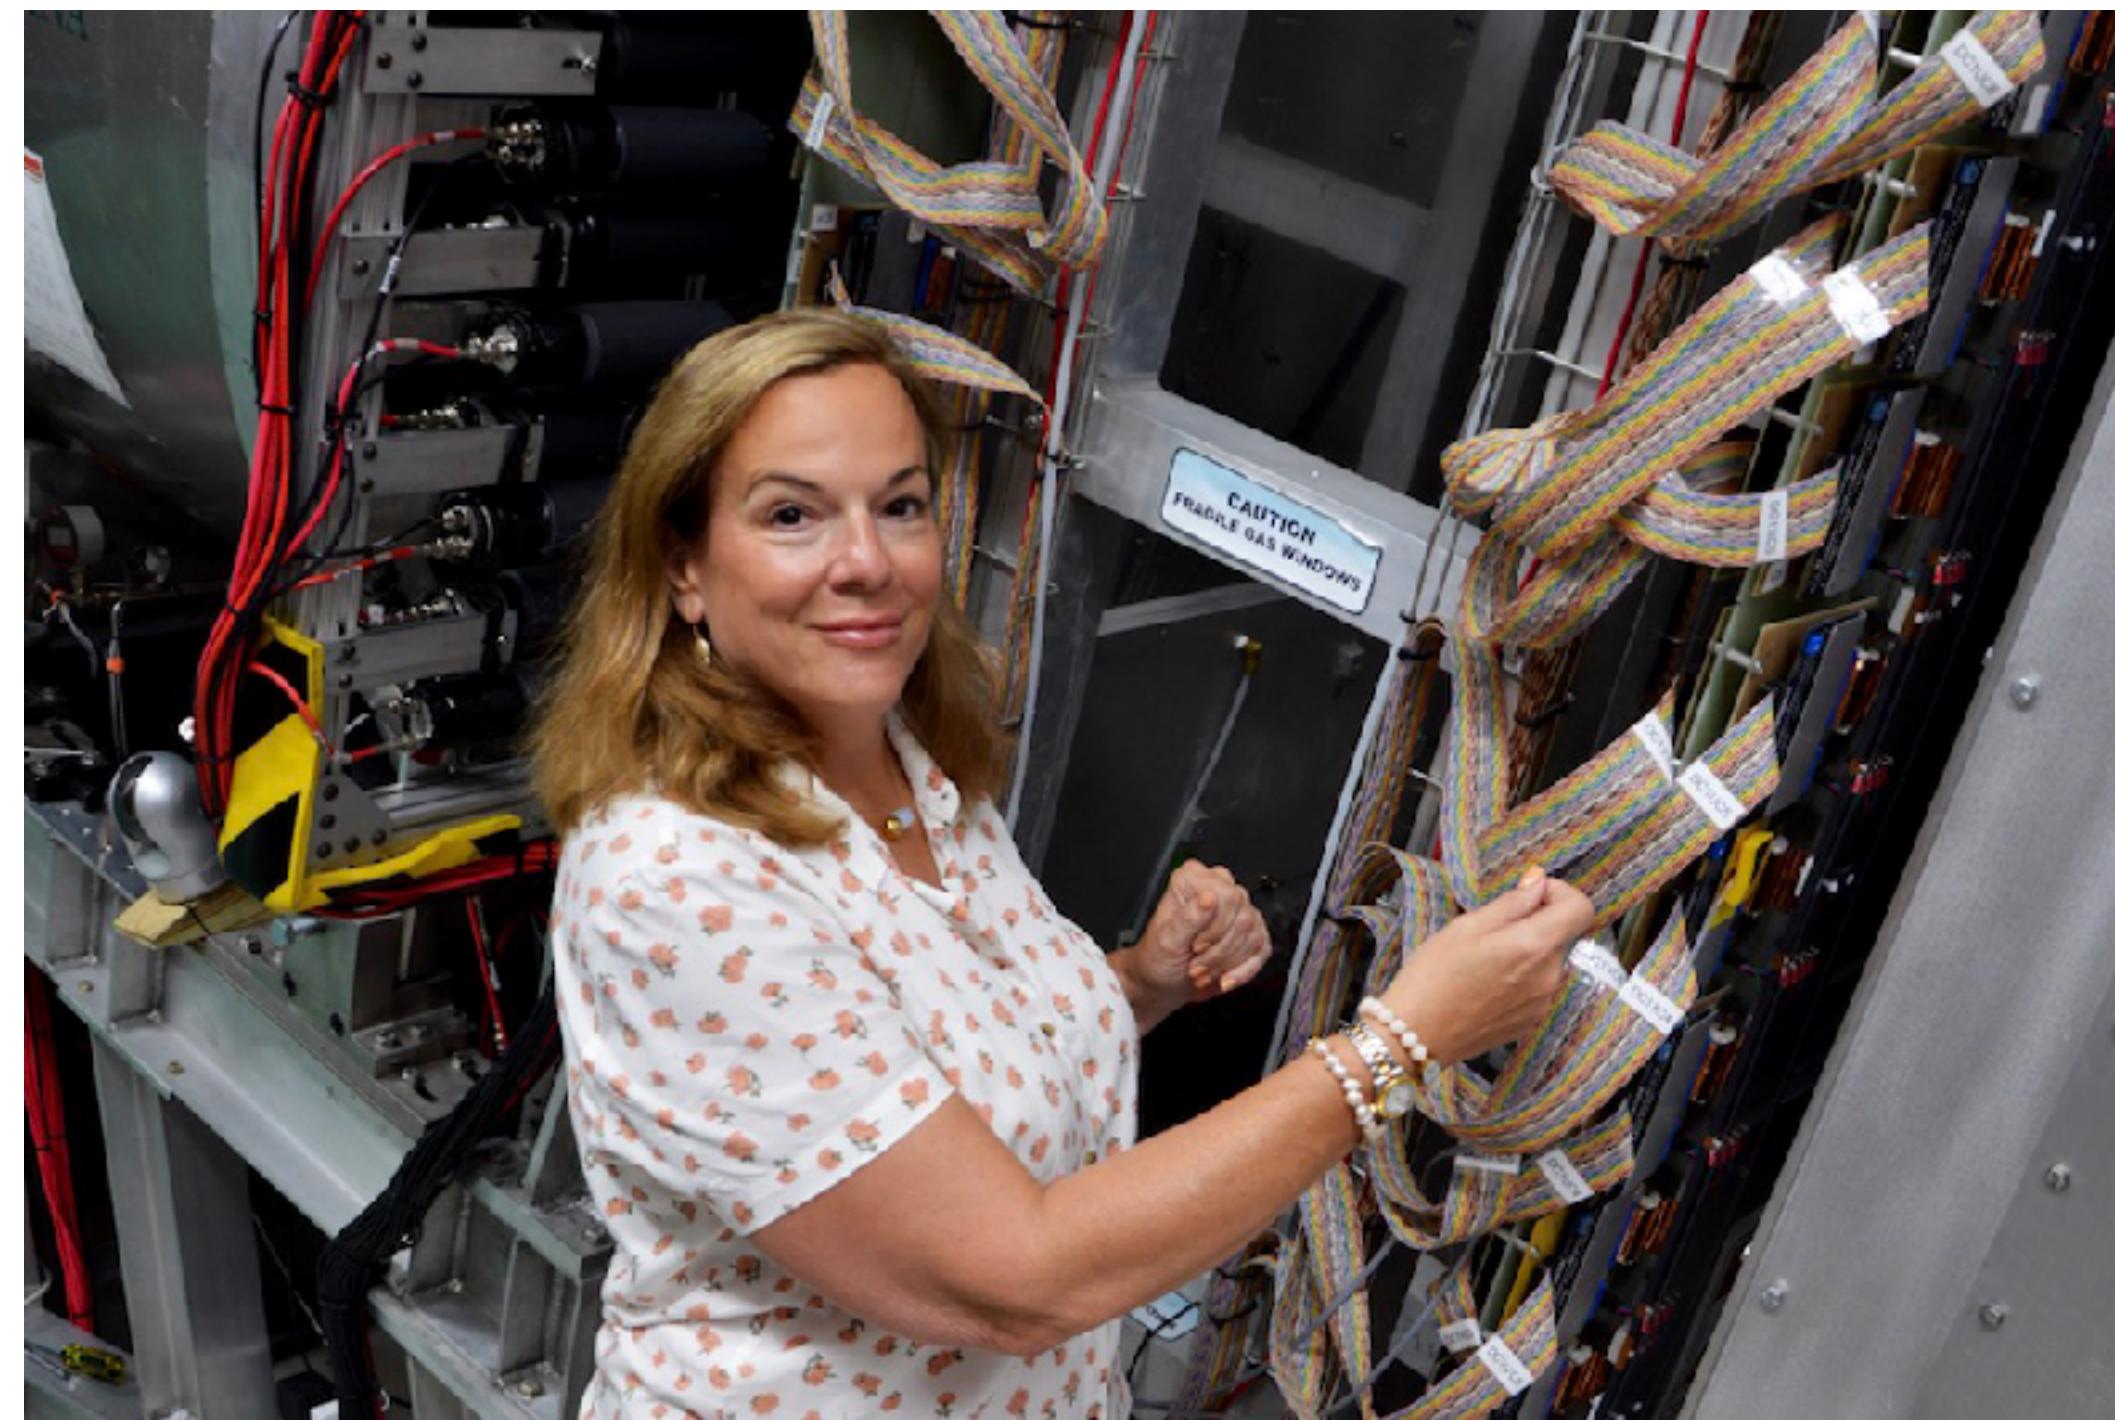

Special seminar scheduled for 11:00 AM Today

Fragmentation Energy Correlates in ep Scattering

-Huaxing Zhu (Peking University)

**Two long-standing members of the Hall C collaboration
were let go recently.**

Thia Keppel

Dave Mack

Both of them have served our community for over 30 years.

We thank them for their dedication and very impactful contributions to Hall C

Community Standards

Everyone at Jefferson Lab has a responsibility to foster an environment where all employees, users, students, guests, visitors and subcontractors feel welcome and supported in advancing the lab's mission.

We'd like to take a moment to familiarize you with our Community Standards. Jefferson Lab actively promotes a harassment-free experience for all.

Everyone is expected to model professionalism and respectful behavior at all times. Failure to adhere to these Community Standards may result in being barred from further lab events; suspension of site access, including housing at the SURA residence facility; and/or removal from the site.

While it is not possible to provide a complete list of the types of improper behavior below, prohibited conduct includes, but is not limited to:

- Obscene or abusive language
- Bullying or deliberate intimidation
- Disrespectful or offensive comments/gestures
- Displaying or circulating sexually suggestive materials
- Inappropriate physical contact
- Stalking/following
- Unwelcome sexual attention or advances
- Violating security or environment, safety and health rules

If you or someone else feels uncomfortable in the workplace, or if you believe you have been subjected to a hostile or harassing environment or have any related concerns, please contact the Jefferson Lab Ethics Officer, Rhonda Barbosa, immediately at rbarbosa@jlab.org or via the Lab's Ethics Hotline at jsaep.ethicspoint.com. Alternately, you may contact your sponsor.
